

TESSELLATED TUNES

Design. Prefabricate. Assemble.

Agenda

With our event we aim to promote local small, independent venues and artists in the city. With the proposed installation we aim to manipulate light in order to create an alternative experience for local music fans.

Collaborator

The REBELLION club in Manchester. A home for alternative music from around the Globe
www.rebellion.club.

Production

A modular installation as a visual spectacle to enhance the user experience and interaction with the space and create an unforgettable night-out.

Mastercraft

Engagement with real clients will give the opportunity to students to work professionally and build confidence while complying to deadlines of a real-life project.
