# CLAYTON HALL FEASIBILITY STUDY

## AGENDA

Clayton Hall Needs You!!!

Hidden on the outskirts of Manchester, this Grade II\* Listed building showcases the 'Living Histories Museum' of Clayton Hall.

You will be tasked to develop proposals in the form of a feasibility study to rejuvenate this visitor attraction looking at key issues:

- exhibition space
- education space
- accessibility

The feasibility study will also look at ways to ensure the Hall remains a sustainable venue for years to come.

## PRODUCTION

You will receive an introduction into the refurbishment of Manchester Town Hall, followed by a site visit to Clayton Hall.

In teams you will conduct archive research to obtain a better understanding of the heritage significance of the building. This will aid in design proposals, looking at ways to re-imagine the future of the Clayton Hall.

An existing site model with potential massing and 2D imagery will be showcased to 'The Friends of Clayton Hall' and Manchester City Council at the end of the two weeks.

## COLLABORATOR

In collaboration with:

- The Friends of Clayton Hall
- Manchester City Council
- Purcell Architects

## CO-ORDINATORS

Tara Aveyard - CIA  
Shadath Chowdhury - CIA  
Laura Gonzalez Vega- CIA  
Lauren Jakeman- Praxxis  
Mark Pearce- CIA  
Anca Trimbaciu- Platform

## CRAFT

- Teamwork
- 2D & Creative Design
- Archive Research
- Communication & Networking
