## AGENDA //

Manchester Town Hall, designed by Alfred Waterhouse in  
1877 is currently undergoing repairs and upgrades.

Our Agenda, we aim to seek any and all "Hidden" footage  
regarding the town hall to produce a larger research  
objective. However, we aim to produce a Film and Blog to  
document all the footage the town hall has been part of  
over the past century.

## PRODUCTION //

The initial outcome for this Event will be to research as a  
collective group to find, explore and document all footage  
relating to the town hall.

We will then condense all footage into a Short film to  
highlight all footage regarding the town hall.
