

# T H E B R E X I T D E B A T E

## Agenda

On 29th March 2019, the UK will officially leave the European Union. There lies a lot of uncertainties in the unforeseeable future of the country, especially in the architecture sector where practices rely heavily on foreign workers. To what extent will the industry suffer as a result of Brexit?

In this event, we aim to explore the effects Brexit will have on different scales in the architectural sector, this may include effects upon overseas students attending universities in the UK, future employment opportunities, future project varieties etc.

## Collaborator

RIBA North West // Manchester School of Architecture

## Debate and Production

We aim to host a debating session by inviting academics from the university, practitioners and members from the RIBA on the implementation of BREXIT to their respective fields. An article and documentary can be published on social media.

## Craft

Critical thinking and questioning // Networking // Communication // Debating Skills // Illustration // Digital Skills

## Co-ordinator

Yaseen BHATTI (CPU) // Jia Jun CHU (Platform) // Siu Ting Nicholas CHENG (Platform) // Yu Zheng TAN (Platform) // Jin Hau TAY (Platform)
