

#SEATINGFOREATING

Collaboration between Hatch, Bruntwood and Manchester School of Architecture is set to provide a kick-start to #SeatingForEating.

Co-ordinators:

Abdullahi Banye (CiA)
Ben Harmer (CiA)
Lewis Barker (CiA)
Raya Pavlova (CPU)
Vasilka Stefanova (CiA)

Agenda:

We are interested in the small pop up markets and their enormous potential as spaces for people. As HATCH is growing, we are going to help them create something unique.

Craft & Production

A design competition will take place initially for the installation of #SeatingForEating. Fabrication of the winning idea will go ahead. Students will be involved in design and fabrication of a live project. Teamwork skills are essential.

Installation at HATCH on Friday 05th April.

25 MARCH 2019

INSTALLATION BY MANCHESTER SCHOOL OF ARCHITECTURE | FRI 05 APRIL

HATCH, OXFORD RD, MANCHESTER, M1 7ED
