

Transformation of Our Town Hall

[Restore & Renew → Remodelling]

AGENDA

Manchester's Grade I listed Town Hall is a much-loved landmark, a neo-gothic palace by architect Alfred Waterhouse, has stood in Albert Square for 140 years. Our Town Hall project aims to boost public access and ensure that the building to play a role at the heart of city life. Our model making as tool to explore and communicate ideas of the renovation and intervention with the town hall to suit contemporary and future needs.
