

# THIS IS CORNERHOUSE

"A campaign to celebrate and save  
a piece of Manchester"

## Coordinators (G.22):

Oliver Matini - USE  
Syed Hussain Bin Syed Abdullah - USE  
Terrence Tin Wing Shum - USE  
Keerthivasan Thangavelu Srinivasan - QED  
Naile Alanli - USE

## Agenda:

Carrying over three decades of Manchester's cultural history, Cornerhouse is Manchester's international centre for contemporary visual arts and independent film. This iconic building is now subject to future development. With the hard work from people interested in preserving Manchester's history, awareness has been raised about the unique character and heritage of this building through public consultation and 'SaveCornerhouseMCR' campaign. Our event agenda is to celebrate the history of the iconic Cornerhouse, through research and creative opportunities. We also wish to further raise awareness by making the planning issues more visible to the public. We want to explore a future in which Cornerhouse is preserved and celebrated. Students' outputs will be exhibited in the Cornerhouse, providing a platform for the public to reflect and contemplate on the proposed development of Cornerhouse before it becomes too late.

## Collaborator:

- Save Oxford Road Corner

The group is actively involved in protecting buildings that are iconic in Manchester. In 2014, they started a campaign to protect The Cornerhouse due to its extensive contribution to the art heritage of Manchester.

## Production:

- A series of alternative reality stories to challenge the demolition of Cornerhouse as part of the 'Save Oxford Road Corner Campaign'.  
- These will then be exhibited in Cornerhouse itself and also uploaded to the social media page to spread public awareness.

## Craft:

-Communication  
-Publishing a comic book  
-Curating
