

MANCHESTER SCHOOL OF ARCHITECTURE

SMART COMMUNITY

TEAM: Angel Maria Cunningham | Darshan Varsani | Jobey Keene | Kamila Bochenska | Max Frost | Yoanna Barzeva

AGENDA:

Students will be helping to design and visualise a new community arts space to the rear of The Tetley centre in Leeds. The museum has been a communal platform for emerging local artists since 2006, holding free exhibitions and providing an integral creative outlet for the local community and beyond. Staffed by volunteers, the centre offers a public platform vital to the arts and culture scene within the UK. Students will use their architectural skills to assist in the creation of further space of significant social value to the local community.

PARTNERS:

The Tetley is a pioneering centre for contemporary art located in the stunning art deco headquarters of the former Tetley Brewery in Leeds.
