PROJECT DESCRIPTION
We are team 16 of events 21, collaborating with GMHAN and WOAH (MMU: a non-profit student led initiative) to raise awareness about the homeless in Manchester. Team 16 aims to utilise digital marketing media to share useful information about service projects that were created to aid the homeless and allows people to circulate helpful information and contacts. Our team intends to make the lives of those without a home easier, by addressing specific needs and problems. We provide a platform for everybody to help the homeless, allowing people to broadcast their innovative solutions to common problems. Our interactive website enables people all around the world to support the destitute virtually.
