

MANCHESTER SCHOOL OF ARCHITECTURE

GROWING TOGETHERNESS

an outdoor kitchen for the community

AGENDA

Our mission is to design a new outdoor kitchen and canopy for the community at Seedly Pavilion community cafe and gardens Buile Hill Park. A thriving community in need of more sheltered outdoor space to continue all their community events, from croquet to bingo. Currently facing storage and outdoor sheltered space challenges, our plan to design a suitable shelter and further outdoor amenities in a masterplan design, to ensure the community can stay active year-round, rain or shine!
