

# MANCHESTER SCHOOL OF ARCHITECTURE

## Agenda

Tameside Council needs help with its wayfinding in Hyde. More specifically, from the train station and bus stop to the town centre. Our mission is to look at the urban landscape to improve the wayfinding and encourage more people to visit Hyde. This will be done in various ways based on research analysis of the site. This live project will make a large impact on the whole city, so we need to be the best of the best!

## Skills

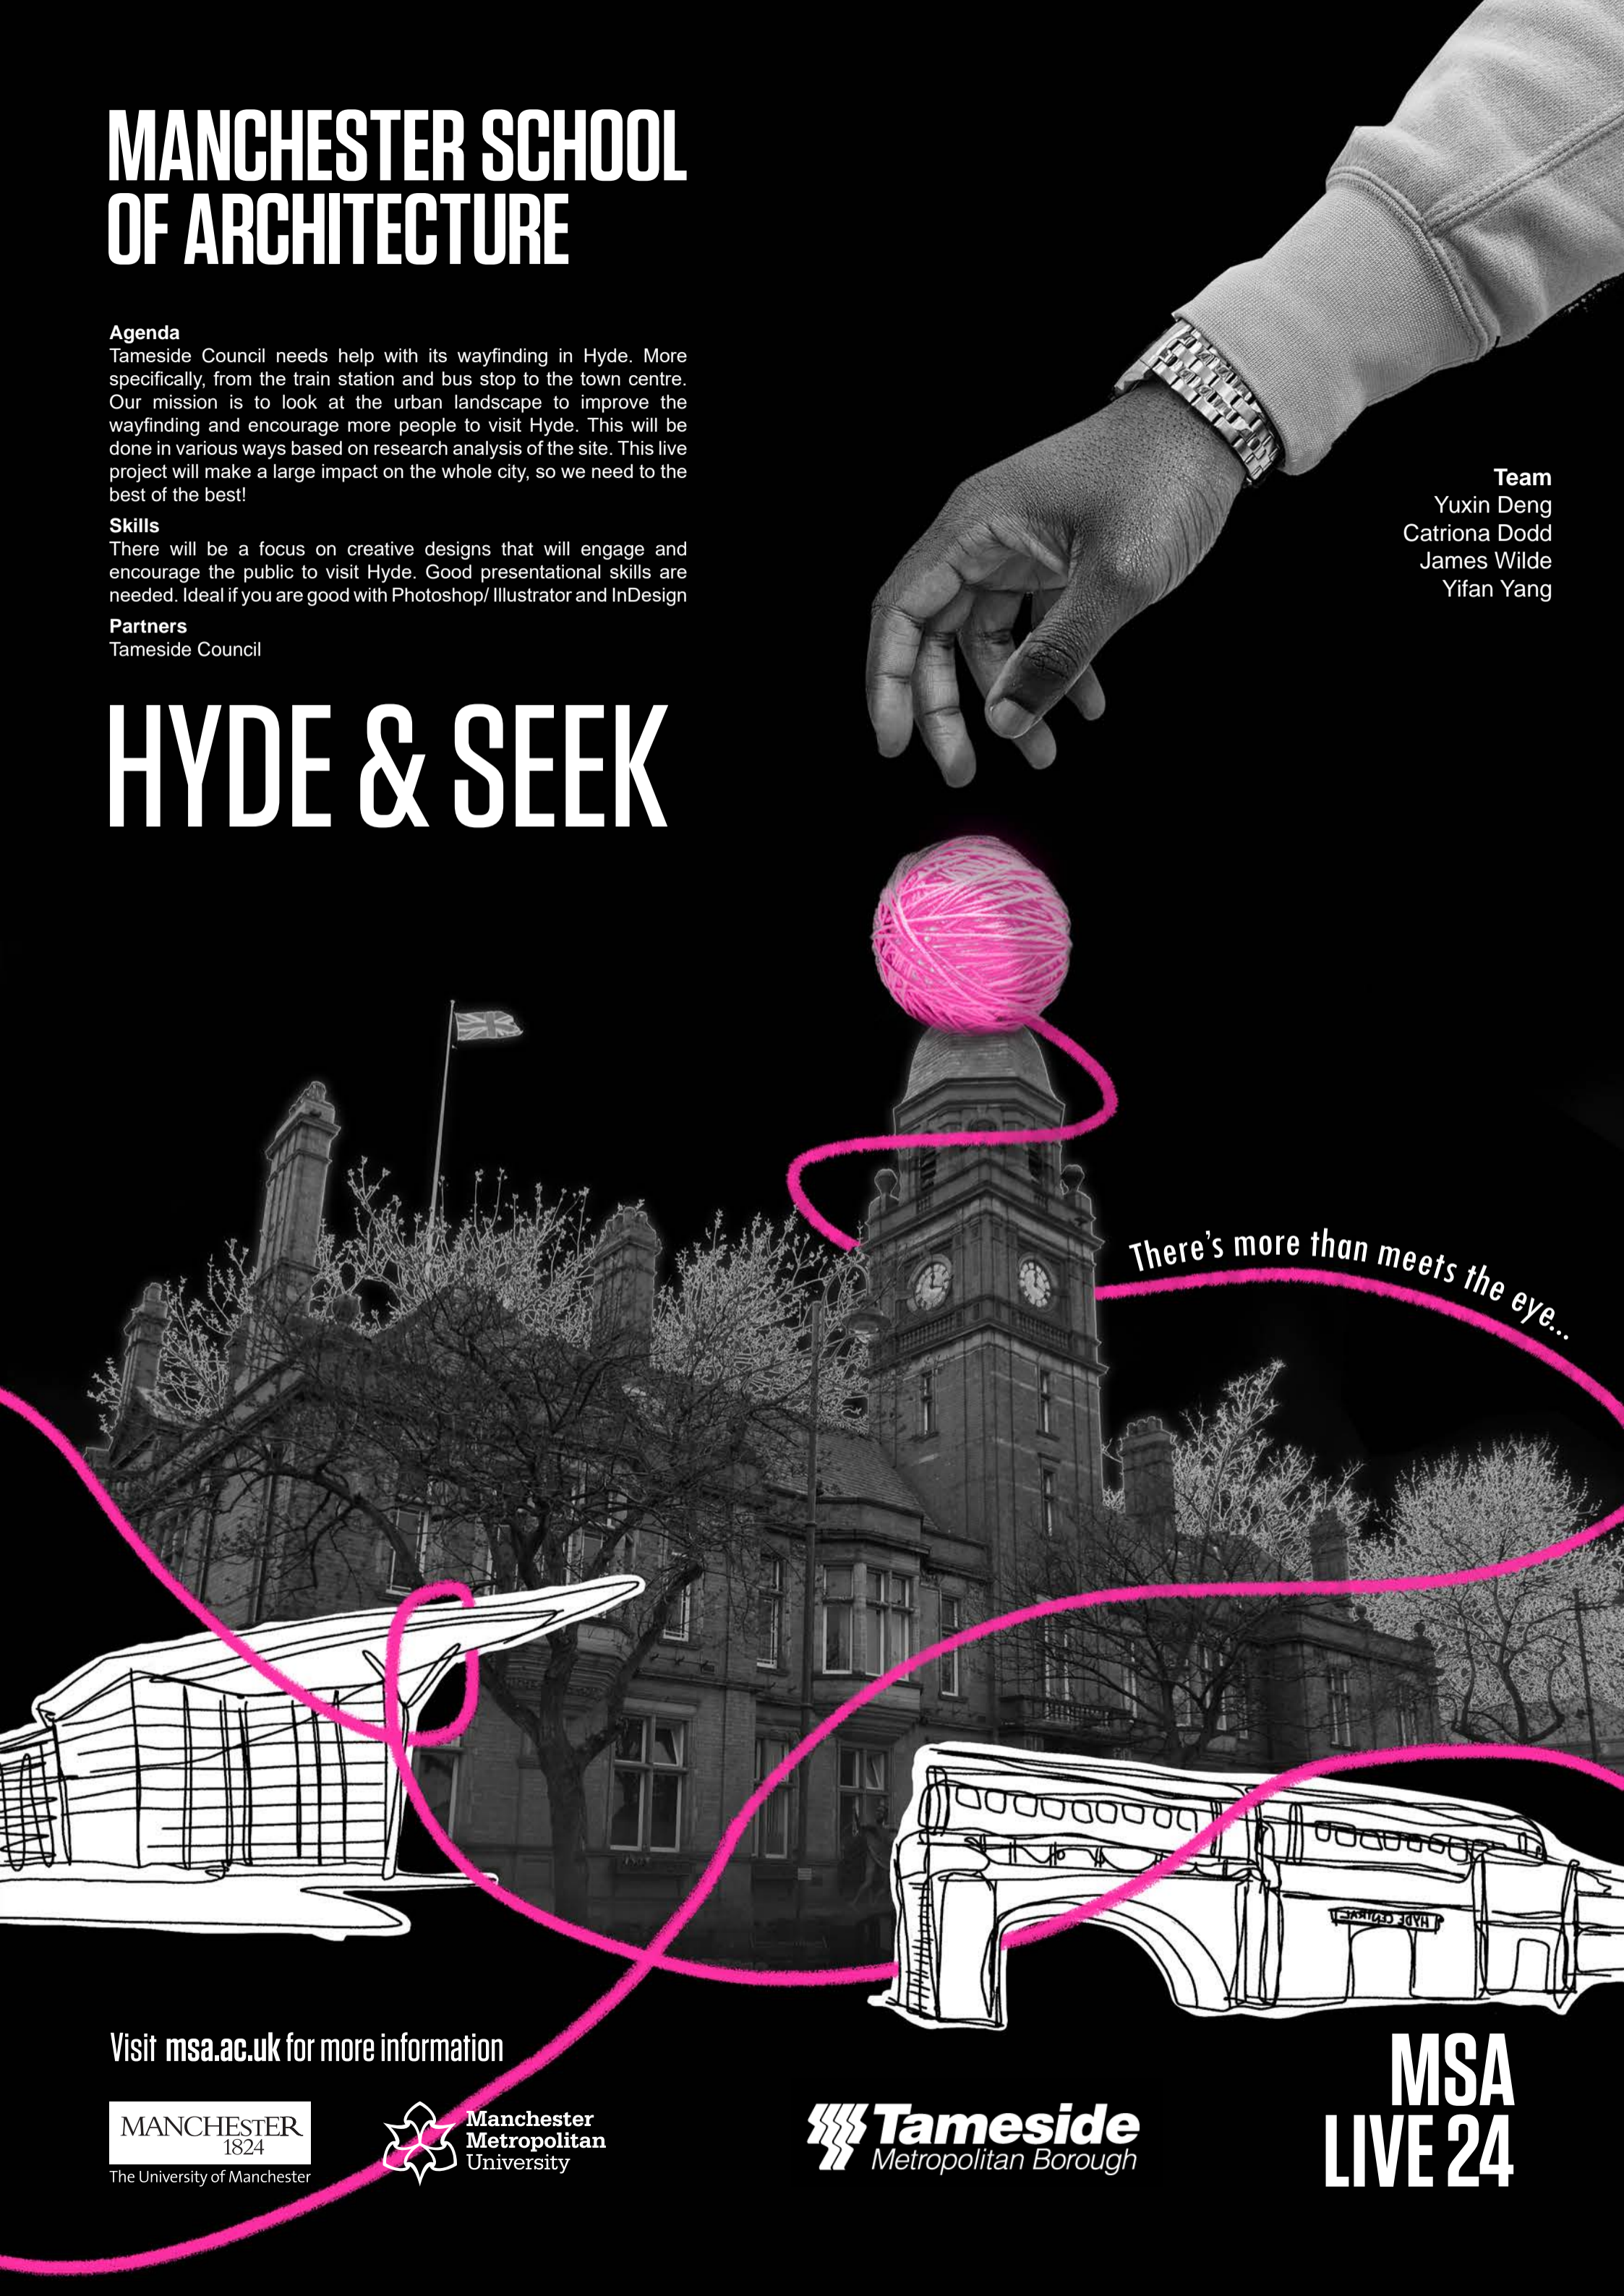

There will be a focus on creative designs that will engage and encourage the public to visit Hyde. Good presentational skills are needed. Ideal if you are good with Photoshop/ Illustrator and InDesign
